Work Offered

About Crs Soft: Crs Soft is an international technology company that delivers high quality software solutions and services. Having experience in developing software with using state-of-the industry technologies, we provide niche solutions and services to ISVs and interprises who develop their own software products. By gaining experiences, Crs Soft has become a great partner for Cloud, Web Applications Development, or Framwerk Development. Beside these software services, we provide e-Transformations Services with e-dunya brand as one of the leader integrator of Turkish e-transformations sector. E-dunya includes services such as e-invoice service provision, e -invoice archival, e-archive, e-ledger and e-ticket which are regulated by Turkish Revenue Authority. We are a company who focused on contributing its expertise to some of the most outstanding visions, projects, and challenges of its clients. Aiming for the future visions, we continue our work on research of subjects that will drive the future of technology such as Quantum Computing Algorithms, Big Data Processing, IoT and M2M.

What You'll Do: -Contribute towards the entire development lifecycle of analysis, design, implementation and test.

-Participate in implementation of web solutions with C#,Javascript,Entity Framework, LINQ.

-Participate in brainstorming and idea generation activities. As an intern you will participate in agile software development process,drive development of web-based or desktop applications,and develop innovative web applications.

Additional Information

After being accepted by the employer, the students should apply for an internship visa under student visas category at the Turkish Consulate located in their homeland before their travel to Turkey. Otherwise, they should note that they will have to register at the migration management office where they reside by applying for a short term residence permit as soon as they arrive in Turkey. So we advise them to finalize their visa issues under a correct application and within a reasonable duration before their internship starts.

*Lodging will be arranged by the employer/university; so please consult iaeste.yildiztu@gmail.com for your questions related to reception&accommodation for the offer, ONLY AFTER you have received your acceptance from your IAESTE office.

*Before your arrival, please check out the list of public holidays in Turkey.
